Translation

Dear Global Learning Across Borders-Pratt Institute,

'

Firstly, we are extremely thankful that we were given such a valuable chance to learn English. Through this teaching we improved our spoken English and changed our ideas towards learning English. And the most important thing is that we became confident and became interested in learning English. We like the teaching materials; the materials have Tibetan translation and are easy for us to understand. We knew few English words and sentence patterns before this class began. Through this training we did our best to study, cherished this chance and learned a lot.

Lastly we wish you Tashi Delek!

Yours,

All the students
